Dear Mr. Harriott:

On behalf of the Stollery Children's Hospital and the Stollery Children's Hospital Foundation, thank you for your donation of \$1,150.00 in honour of Zoe Pinnock.

The Stollery Children's Hospital Foundation is dedicated to raising funds for specialized equipment, sub-specialty medical education to train the best of the best, research to pave the way to the discovery of new treatments or cures for child health issues, and specialized programs that improve patient and family outcomes at the Stollery Children's Hospital.

Each year, more than 210,000 patient visits occur at the Stollery Children's Hospital. Children treated at the Stollery come from all over Alberta, British Columbia, Saskatchewan, Manitoba, the Northwest Territories, Yukon, Nunavut and other parts of Canada. Our goal is to ensure every child who comes through our doors receives the best pediatric health care available.

Once again we thank you for your donation in honour of Zoe Pinnock - your support helps provide world-class care to sick and injured children at the Stollery Children's Hospital.

Sincerely,

Cindy Crich
Annual Giving Administration Officer
